

Historically, a New Testament translation took 25 to 30 years to complete.

Cutting translation efforts to weeks sounded impossible!

Who would have ever dreamed that any language group could have the entire scope of God's Word in their own heart language in just SIX WEEKS?

But **nothing is impossible with God.**  
Once again, HE has made a way . . .

**Vision 2025** of having translations started in every language is now ore of a reality.

The more directly the church is involved in the work, the sooner it is completed and the desire for accuracy is heightened.

**“The local body of Christ is the best judge of Bible translation quality in their language.”**

## MAST PROCESS

You identify languages/dialects without Scripture .

Introduce your church to the MAST process. At your church's request, we equip you with tools & resources and train you to start your translation.

Participate with other church leaders and members to check and edit.

Final approval of the translation rests with the local church.

In 1 year or less:

- **TRANSLATE**
- **CHECK** at multiple levels,
- **PRINT** and
- **DISTRIBUTE** the New Testament

**If you talk to a man in a language he understands, that goes to his head.**

**If you talk to him in his language, that goes to his heart."**

**"My mother tongue is not English.  
The Bible is in my language.  
I want to help others."**

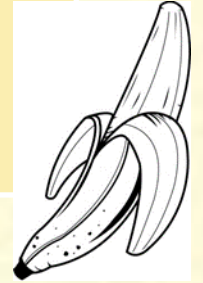

"We are celebrating, as some village churches are today, three New Testaments for languages that have been thirsting for God's Word in their mother tongue for years. One would have been exciting enough, but three in one week has been an amazing and a very humbling experience.

Please pray with me for:

**transformed** lives,

**transformed** communities and

Reading the Bible in the "trade language" is like eating a banana - but reading it in *my heart language*

Tears filled my eyes when a Translator thanked me with these words, "Thank you for coming. We are a marginalized people, but now that you've come, you show that you care and God cares. Our language has
